MISSION STATEMENT

The BMA Chundrigar Road Savings Fund seeks to provide its investors attractive income with concern for preservation of capital by investing in all fixed income and money market instruments of low risk and short duration to generate attractive rates of return. The Fund will seek to maintain a rupee-weighted average maturity of the investment portfolio of not more than 365 days. The benchmark shall be average one month Kibor rate prevailing within the particular time period.

VISION STATEMENT

BMA Asset Management seeks to establish itself as a leader within the asset management industry of Pakistan by following the principles of prudent investment practice and keeping our fiduciary responsibility towards our investors as the core belief to our investment philosophy.

REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Board of Directors of BMA Asset Management Company Limited, the Management Company of BMA Chundrigar Road Savings Fund (BCSF), is pleased to present its report and financial statements of the Fund for the period ended September 30, 2014.

PROFILE

The launch announcement of the BMA Chundrigar Road Savings Fund ("BCSF") was made on 14 August, 2007, Pakistan's 60th year of independence and BCSF was formally launched on 23rd August of the same year. The BCSF seeks to provide its investors with an attractive rate of return by investing in all fixed income and money market instruments of medium risk and short duration. The fund's aim is to maintain a rupee-weighted average maturity for the investment portfolio of not more than 5 years. The benchmark for our return is one month KIBOR.

FUND'S FINANCIAL PERFORMANCE

During the period ended September 30, 2014, the Fund earned Rs. 5.23 million from income on investments, bank balances, term deposits and Margin Trading System. The fund also realized a loss of Rs. 0.16 million on investments and had an unrealized loss of Rs. 0.03 million. Thus the total income earned came to Rs. 5.03 million.

Total expenses for the period came to Rs. 1.56 million. This included remunerations to the trustee of the fund, fee to the SECP, and remuneration to the management company of Rs. 0.10 million, Rs. 0.04 million and Rs. 0.71 million, respectively. In addition, the fund booked an element of income and capital gains from the issue and redemption of units which totaled Rs. 0.59 million.

As a result the net income for the period was Rs. 4.07 million.

INVESTMENT STRATEGY

During the period, the fund aimed to maintain a majority of its exposure in shorter to medium term sovereign bonds, while selectively deploying assets in high yielding instruments. This enabled the fund to generate a competitive rate of return while retaining both liquidity and its ability to respond quickly in an uncertain macroeconomic environment. As of 30th September, the portfolio duration of the fund was 53 days. This was done so that fund could derive the greatest benefit from the prevailing adjustments in yield curve.

As of September 30th, 2014, the net assets of the fund were Rs. 218.87 million, 40.67% of these assets were held in cash, 30.92% in PIBs, 17.33% in TFCs and sukuks, 6.83% in T bills, and 4.25% in accruals. In line with this asset allocation, the credit quality of the fund remained high with 37.9% allocated to sovereign rated debt, 19.4% to AA+, 0.1% to AA, 8.6% to A+, 8.7% to A, 20.3% to A-, and 5% was held in accruals.

Asset Allocation as on September 30, 2014

Credit Quality: September 30, 2014

RETURN DURING THE PERIOD FOR INVESTORS

During 1QFY15, the Fund generated an annualized return of 7.52%. This performance is net of all expenses.

RECENT DEVELOPMENTS

The fund is assigned to the aggressive income fund category. Thereafter, the fund has maintained its position in the top quartile on the back of high credit quality and liquidity profile. Moreover, 37.9% of net assets are rated AAA, as of September 30th, 2014, with a major allocation in medium to short term government papers and corporate bonds. Because of this, the fund's ability to meet redemptions and remain flexible in an uncertain macroeconomic environment has improved tremendously.

MACROECONOMIC OUTLOOK

The price behavior during the 1QFY15 was largely in-line as per market expectations. The CPI inflation for Sep'14 inched up slightly and recorded at 7.68% YoY as compared to 6.99% YoY registered in August'14. 1QFY15 inflation averaged at 7.52% YoY as compared 8.06% YoY recorded in same quarter last year. On month-on-month basis CPI increased by 0.35% and 0.33% during September and August respectively, where as we have seen major jump of 1.7% in July 2014 due to Ramadan effect. The major reasons behind the uptick in 1QFY15 CPI are higher food inflation driven by perishable food items, surge in house rent Index and in Transport Index. Owing to high base effect and drop in commodity prices, we expect CPI to stay within the range of 8%-8.5% over the next three months.

During the 1QFY15, Pak rupee was under-stress and depreciated by 3.75% against the US Dollar. In addition to this, the country's FX reserves continued their downward trend started from beginning of the quarter and dropped to US\$13.5bn. The major reasons behind the decline are hefty import bills, payment to international lenders and speculative buying in FX market. We believe that, softer oil prices, jump in exports and about US\$2.4bn prospective inflows from OGDC GDR, SUKUK bond and combined IMF tranches in 2QFY15 should boost FX reserves position in near term.

Overseas Pakistanis remitted US\$1.72 bn in the month of September, which is 29% higher than the amount (US\$1.32 bn) they remitted during second month of FY15, the uptick likely driven by the Eid season. This brings 1Q FY15 figure to US\$4.7bn as against US\$3.9bn in the same period last year. The current account deficit increased to US\$1.33 bn for the first quarter of FY15 to US\$1.27 bn in the same quarter of the last fiscal year. Due to slow down in export and strong jump in imports Pakistan's Trade deficit expanded by over 36% to US\$5.9bn in the 1Q of FY15 as against US\$4.3bn during the same period last year. However, Exports got a boost in September as against consistent slow down since April 2014. The ballooning trade deficit has played instrumental role in expanding the current account deficit. We are projecting US\$ 3.2bn (1.2% of GDP) current account deficit in FY15 as compared to US\$ 3bn in FY14.

Despite drastic improvement in key economic variables such as containment of fiscal deficit, reduction in inflation, stable rupee dollar parity and growing reserves, SBP adopted cautious monetary stance during 1QFY15. However, we believe that comfortable real interest rate of 230bps and 250bps over September'14 and 1QFY15 average inflation, settlement of ongoing political crisis and completion of IMF review on time will build a strong case for DR cut in the next monetary policy due in November 2014.

STRATEGY

In light of the above macroeconomic scenario, BCSF's strategy is likely to focus on the following;

- Build exposure in high quality, medium to long term instruments, keeping in mind an appropriate risk/reward ratio.
- To transform portfolio allocation largely towards floating rate instruments to avoid interest rate risk.
- Increase duration with the intention of trading in fixed and floating rate instruments to take advantage of falling yields.
- Realize gains at the bottom of the interest rate cycle which we expect to occur during 1HFY15.

Acknowledgement

The Board is thankful to its valued investors, the Securities and Exchange Commission of Pakistan, the Trustees of the Fund, MCB Financial Services Limited and the Registrar, Technology Trade (Pvt) Limited. The Directors of the Management Company also acknowledge the efforts put in by the team of the Management Company for the meticulous management of the Fund.

2 STATEMENT OF COMPLIANCE

2.1 Statement of Compliance

This condensed interim financial Statements has been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International financial Reporting Standards ("IFRSs") issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, the requirements of the Trust Deed, the NBFC Rules, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the "NBFC Regulations") and the directives issued by the SECP. Wherever the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or directives issued by SECP differ with the requirements of IFRS, the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or the directives issued by SECP prevail.

The disclosures made in this condensed interim financial Statements have, however, been limited based on the requirements of the International Accounting Standard 34: 'Interim Financial Reporting'. This condensed interim financial information does not include all the information and disclosures required in a full set of financial statements and should be read in conjunction with the annual published financial statement of the Fund for the year ended June 30, 2014.

In compliance with schedule V of the NBFC Regulations, the directors of the Management Company hereby declare that this condensed interim financial information gives a true and fair view of the state of the Fund's affairs as at September 30, 2014.

2.2 Standards, interpretations and amendments to published approved accounting standards, that are effective in the current period:

There are other new and amended standards and interpretations that are mandatory for accounting periods beginning on or after July 1, 2013 but are considered not to be relevant or do not have any significant effect on the Funds operations and are therefore not detailed in these financial statements.

2.3 Standards, interpretations and amendments to published approved accounting standards that are not yet effective:

There are certain new and amended standards and interpretations that are mandatory for accounting periods beginning on or after July 1, 2014 but are considered not to be relevant or do not have any significant effect on the Funds operations and are therefore not detailed in these financial statements.

3 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies applied in the preparation of this condensed interim financial statements are the same as those applied in the preparation of the annual published financial statements of the Fund for the year ended June 30, 2014.

The preparation of this condensed interim financial statements in conformity with approved accounting standards requires management to make estimates, assumptions and use judgments that affect the application of policies and reported amounts of assets and liabilities and income and expenses. Estimates, assumptions and judgments are continually evaluated and are based on historical experience and other factors, including reasonable expectations of future events. Revisions to accounting estimates are recognised prospectively commencing from the period of revision.

The significant judgments made by management in applying the accounting policies and the key sources of estimation uncertainty were the same as those that were applied to the financial statements as at and for the year ended June 30, 2014.

The financial risk management objectives and policies are consistent with those disclosed in the annual financial statements of the Fund for the period ended June 30, 2014.

3.1 Earning Per unit

Earning per unit (EPU) for the period ended September 30, 2014 has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

The Management company is entitled to remuneration for services rendered to the Fund under Regulation 61 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, of an amount not exceeding 3 percent of the average daily net assets of the Fund during first five years of the Fund's existence and thereafter an amount equal to 2 percent of such assets of the Fund. The rate used by the Management company (and the Fund) is 1.5 % (2013: 1.5%) per annum of the average daily net assets of the Fund as disclosed in the offering document.

As per the requirements of the Finance Act 2013, Federal Excise Duty (FED) at the rate of 16% on the remuneration of the Management Company has been applied effective June 13, 2013. The Management Company is of the view that since the remuneration is already subject to the provincial sales tax, further levy of FED may result in double taxation, which does not appear to be the spirit of the law. The matter has been collectively taken up by the Management Company jointly with other Asset Management Companies together with their respective Collective Investment Schemes, through a Constitutional Petition filed in the Honourable Sindh High Court (SHC) during September 2013 challenging the levy of FED. In this respect, the SHC has issued a stay order against the recovery of FED and the hearing of the petition is still pending. However, the Fund, as a matter of abundant caution, has made full provision in respect of FED.

11.1 Provision for Workers' Welfare Fund

The Finance Act 2008 introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance). As a result of this amendment it may be construed that all Collective Investment Schemes (CISs) / Pension Funds whose income exceeds Rs. 0.5 million in a tax year, have been brought within the scope of the WWF Ordinance, thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this regard, a Constitutional Petition has been filed by certain CISs through their trustees in the Honorable High Court of Sindh (SHC), challenging the applicability of WWF to the CISs / pension funds, which is pending adjudication.

During the year ended June 30, 2011, a clarification was issued by the Ministry of Labour and Manpower (the Ministry) on July 15, 2010 which stated that mutual funds are not liable to contribute to WWF on the basis of their income. However on December 14, 2010 the Ministry filed its response against the Constitutional Petition requesting the Court to dismiss the same. This response was contradictory to the earlier clarification issued by the Ministry. Show cause notices were then issued by the Federal Board of Revenue (FBR) to several mutual funds (CISs) / pension funds for the collection of WWF. In respect of such show cause notices, certain mutual funds (CISs) / pension funds have been granted stay by the Honorable SHC on the basis of the pending Constitutional Petition as referred to above.

In March 2013, a three member bench of the Sindh High Court in its judgment on various Constitutional Petitions challenging the amendments brought in the WWF Ordinance, 1971 through the Finance Act, 2006, and the Finance Act, 2008, held that WWF is a tax and consequently, the amendments introduced in the Workers' Welfare Fund Ordinance, 1971 through the Finance Act, 2006 and 2008 respectively (Money Bills) do not suffer from any constitutional or legal infirmity. This judgment was in contrast to the July 2011 single member bench decision of the Honorable Lahore High Court which had held such amendments as unlawful and unconstitutional for the reason that they were made through the money bills.

In a recent judgment of May 2014, the Peshawar High Court (PHC) has also held these amendments to be ultra vires as they lacked the essential mandate to be introduced and passed through the Money Bill under the constitution. For CISs and Pension Funds the issue of chargeability or otherwise of WWF levy to the CISs / Pension schemes, is currently, pending before the Honorable SHC.

The Management Company believes that the decision of the Honorable Lahore High Court will lend further support to the Constitutional Petition which is pending in the Honorable High Court of Sindh. Further, based on the opinion from the legal counsel of Mutual Funds Association of Pakistan (MUFAP), there are good chances for the Constitutional Petition to be decided in favor of the mutual funds. However, considering the open ended nature of the Fund, the Board of Directors (BoD) of the Management Company through the resolution by circulation dated July 15, 2014 have decided that accumulated unrecorded WWF provision from the date of its application till May 07, 2014 will be borne by the Management Company subject to the decision of the court. The BoD further resolved that with effect from May 08, 2014, the Fund will make provision on account of WWF at the rate of 2% of net accounting income under the WWF Ordinance, 1971.

The accumulated provision for WWF, which will be borne by the Management Company till May 07, 2014 amounted to Rs. 2.66 million. A provision amounting to Rs.0.12 million relating to the period after May 07, 2014 has been recorded by the Fund. Had the provision not been made, the net assets value of the Fund would have been higher by Rs 0.005 per unit.
